

# **NEW BLUE COMMENTATOR'S CORNER**

## **9/15/07 United Cup Game #2 Game Summary**

BY #9 REID BEARD

Field #7 was very dry and dusty! The grass was burnt. We had played on this field earlier in the morning. We were already familiar with how these conditions made the ball roll faster than usual. We were ready for the game!

Our opponents had good defense but - so did we! It was going to be an evenly matched game. They scored one point on us but we were not going to give up so we came back and scored on them!

NKU SC scored their only goal when the ball took a weird hop to the left and it bounced off the thigh of a NKU player. Our only goal was scored by Miguel on a great individual play.

It was really fun to play a team that was so evenly matched to us! It was better than playing someone too good or playing opponents that didn't work as a team like we do. Our coaches have taught us to play together and cover the field.

Our offense had a lot of breakaways but their defense was too good for us to turn those breakaways into goals.

The goalie had a lot of action and it was a lot of fun. Our defense was awesome against NKU SC's pressure. The final score was 1 to 1.
