

NEW BLUE COMMENTATOR'S CORNER

9/22/07 Game Summary

BY #11 JOSIAH ZAVALA

Citadel '97 Blue vs. Argos Phoenix (win 3-1) -- The team that we played wore yellow jerseys. We started out with one forward, three mids, three defenders and one goalie.

They were aggressive and I got fouled in the goalie box. Quinton took the penalty kick and scored our first goal.

We passed pretty good. Our goalie ran for the ball to try to pick it up and the other team scored their first and only goal.

In the second half, Ross was on the left side of the field and he bombed it across the top right corner of the goal and he scored! That was an awesome kick. About fifteen minutes later Ross was on the on the left side again and he kicked it on the top right corner but a little bit lower than last time and scores again.

Our defense was like an "iron curtain". And we celebrated running under the "winning tunnel" and that was fun!
